

What is UC-Crowd?

UC-CROWD - Universities and Companies Crowdsourcing is a European project which is ongoing since October 2013, with support of the Lifelong Learning Programme of the European Commission.

Why choose us?

THE IDEA

This project aims to strengthen links between companies and Higher Education Institutions (HEI) by creating a bridge between two different worlds.

[read more](#) +

THE VISION

Our vision is to contribute to create closer links between companies and HEI and as a result to develop companies more innovative and HEI's studding problems that real matters to companies.

[read more](#) +

THE AMBICIOUS

I. To transfer the crowdsourcing model into the academic environment;
II. To promote the adjustment of the curriculum to the needs of the companies;

Why we are sending the newsletter for you?

We believe that, students, professors, higher education institutions (HEI), companies and other national or regional bodies could be, in the future a costumer of the UC-Crowd platform. Soon we will give you a better idea about the project and how can you intervene.

For now we just want to welcome you to the *world of crowd* to develop new partnerships across Europe.

What is going on right now?

We are preparing an assessment questionnaire about the expectations related to the crowdsourcing.

If you would like to be part of the sample please send us an email to uc-crowd@iscte.pt
