The 3rd meeting took place at the 25th of June at the Varna Free University. The purpose of this meeting was to discuss the platform: contents and features, technological issues and to decide strategy's to disseminate it in the future. At this meeting we test the first version of the platform developed by Partner 1 and we put together IT people involved on the technological development.

Futursolutions is a Portuguese company. We asked them about their motivations and benefits to use the Challenge Academy Platform.
